The definition of WIPSEE:

The name WIPSEE is a contraction of several words which represent the heart of its activity and its values:

World : Maison de l'Europe des Landes Wipsee is open to Europe and to the international community to support and conduct exchange projects and partnerships.

Innovation : Maison de l'Europe des Landes Wipsee aims at developing innovative actions and to participate in the creation of original concepts around youth education, integration, entrepreneurship, volunteering

Project : Guided by the political orientations of the local and the international, Maison de l'Europe des Landes Wipsee works to implement projects that meet the specific needs and expectations of individuals, businesses and institutions

Solidarity : Maison de l'Europe des Landes Wipsee is committed to everyone with a concern for equal opportunities and respect for the human being, in a Social and Solidarity Economy approach.

Exchange: One of Maison de l'Europe des Landes Wipsee's strategic missions is to develop skills through intercultural, professional, educational and institutional exchanges.

Maison de l'Europe des Landes Wipsee is committed by its actions and its operations to be part of a sustainable development approach to meet the ecological challenges.

Ecology: In order to achieve this we will follow the 2030 SDGs agenda (Sustainable Development Goals), we want our actions to take into account sustainable development, nature conservation, anti-waste, gender equality.

6 categories of public are targeted :

1. Education establishments are in high demand to conduct European and international projects, but teachers or principals do not have time to dedicate themselves to the management of such projects.
2. Institutions are often overwhelmed by the implementation of strategies aimed at opening up to others and the Worlds. Institutions are looking for support and monitoring without forgetting financing. Expertise is also essential for these organizations, which must provide accounts to society.
3. The associations are curious, motivated, in search of good plans. They are often very worried about all stages of a project.
4. Companies are interested: they aim to develop their economy through innovation, exchanges of practices, employee training, etc. They are also demanding and expect simplicity and efficiency.
5. Individuals are eager for change, development of social skills, professional, to live a unique experience. It can be young people, NEET, employees...
6. The previous 5 targets, but of European or international origin.

What are the activities and experience of the organisation in the areas relevant for this application?

Maison de l'Europe des Landes Wipsee is a young association. Its official date of creation refers to its administrative and legal legitimacy. However, its conception (gestation) goes back to about ten years ago. In fact, the foundation of this association was laid in 2011 with the first departmental meetings organized by the regional collective CAP Mobility, attended by Séverine Gallais, Director of Maison de l'Europe des Landes WIPSEE.

Indeed, these World Café, the Awareness Forum, these spaces allowed her to:

- measure the expectations and needs of the Landes territory,
- know local actors on European and international mobility, on Youth, Insertion...

Séverine Gallais coordinated several Ka1 mobility (vocational training) consortia and KA2 for a federation of schools for 20 years she has also managed collective volunteer approvals in Civic Service (those of the FRMFR Nouvelle-Aquitaine) and has followed over 80 European volunteers in 5 years and developed international volunteering (hosting) for several MFR structures. She has also been involved with ERASMUS+ Youth and Civic Service projects for town halls for the past four years and has written projects for community and sports groups. She has also been involved in the « Coremob » of the Region.

Over the past two years, Séverine Gallais has also set up meetings around the European Solidarity Corps, on the ERASMUS+ schemes, bringing together the youth and associative actors. To date, she has also put town halls and associations in touch with each other to raise awareness of structures to welcome volunteers (e.g. Mairie de Billière / Mairie de Pontonx sur l'Adour).

She has a perfect understanding of the administrative side, but above all the support and follow-up of young people both at the sending and at the hosting.

Besides Maison de l'Europe des Landes WIPSEE is made up of members (volunteers, members) who already have an expert knowledge of European, international, youth, and solidarity projects. So the union of these individuals provides a certain experience, coming from the implementation of real projects in their respective networks (MFR, CEMEA, SEJ, Pontonx/Adour, DDCSPP, AMAM, CIAS, ...)

Beyond the projects submitted and conducted, these same people have knowledge and mastery:

- targeted audiences: young people, NEET, disabled people, etc.
- "Youth" and "European" policy directives.

Thanks to this recognition and our expertise, the Department of Social Cohesion and Protection of Populations and the Department of « les landes » have requested Maison de l'Europe des Landes WIPSEE to set up a departmental platform bringing together the youth actors to create an active and dynamic network to increase mobility actions.

What are the skills and expertise of key staff/persons involved in this application?

The skills of the people working in the organization are as follows:

- management skills
- cognitive and problem-solving skills
- advanced social and communication skills
- conflict management
- Organizational management;
- leadership skills
- animation skills
- individual support skills
- training skills

Mrs Séverine Gallais is an Erasmus + developer. For 20 years, she was responsible for the network of “Maisons Familiales et Rurales” for the MFR Regional Federation of New Aquitaine on European and International issues.

She managed KA1 Professional Training consortium with the sending of 500 beneficiaries per year as well as KA2 Strategic Partnership projects. She participated in several KA3 projects around the integration of young people, key skills ...

Her experience in managing the collective reception arrangements for volunteers in civic service, in writing the COREMOB three-year plan, in the Aquitaine Cap Mobility Referees' Club and in setting up Comenius projects makes her a key player in supporting the pedagogical team in developing European mobility and exchange projects.

She has also stimulated the dynamics of the European youth exchange projects in the municipality of Pontonx sur l'Adour and coordinates with the twinning committees of this municipality with the one of Azuqueca de Henares. Her precedent job as trainer in the MFR gives her a real expertise in accompanying young people and families.

Mrs Mathilde Dudez is an Erasmus+ developer and has been working for over 15 years in the world of educational and professional training and occupational and social integration in France and abroad. She has worked as a trainer and an insertion advisor for various audiences (teenagers, adults workers, adults job seekers).

She has expertise in the organization and security of travel. She is fluent in the English language, which facilitates the process.

She is able to accompany participants on their work of valorizing the acquired skills, knowledge, qualities. She works by taking human respect into account by establishing a climate of trust, respect and listening.

Teacher in Physical and Sports Education, **Mr. Mickaël Coudray** has a special attachment to the fields of training and education, the values of civic rights, the richness of meeting and discovering each other. Moreover, through a first training course with the achievement of a DUT social career, he has a real sensitivity to social and cultural interactions. It is therefore of course that he has decided to engage with Maison de l'Europe des Landes WIPSEE, an association where both his skills and his aspirations can be exercised, and where the aims and commitments of each one are united...

Mr. Lahkim Taoufik has a long career as a business manager, during which he worked as a teacher at a major business school.

He has also been a trainer for employees of some companies, and has completed his professional career as a trainer for adults who are in difficulty of reintegration. He remains very involved in the field of associations, and continues to mentor young people in the implementation of their personal and professional projects. His Moroccan roots also give him a very important approach to interculturality and very serious skills in international solidarity and cooperation (former Rotarian)

Ms. Floriane Lacaule is an educator of young children, she is a specialist in coaching young people and people in difficulty. She was able to work in different structures was animator in a youth information point labeled eurodesk and other European labels).

She is currently coordinator of a youth service and she manages the CIAS of Côte Landes Nature.

Mr. Gérard Guibout has experience in facilitating and supporting young people. He has the experience of animation and coaching young people. Activity leader, then group leader in the Scouts de France for more than 10 years. Initiator of young novices in the framework of speleology for about 30 years. Guide for Francas during speleo camps organized by the leisure centers. He did all his studies in a diocesan seminary. Has been a salesman in various companies for 11 years.

For 14 years, he has led several humanitarian missions in Morocco. (Beni Mellal and Errachidia regions).

Ms. Maylis Cabiro, currently studying international law, has always been a volunteer for civic actions within her school structures (Laureate at the Human Rights Competition France, Laureate at the price of sportsmanship for the Olympic Games. She is also very active in associations for the purpose of openness (the Pontonx twinning committee, the association "the engaged").

Mrs Gaëlle Fernandez has a degree in Business. She joined our organisation in order to develop our relationships to companies and implement partnerships with them (sponsoring.) She also has an outstanding facility to work with youth and to put them at ease. Hence her participation in numerous activities that we carry out on citizenship, solidarity, integration...

In addition to these members, we can mention :

High-performance student interns enrolled in leading French schools with an international focus. Their many and various skills enable them to be deeply involved in our activities : to establish diagnosis, to measure the impacts of our projects, to write press packs, to ensure projects' financial and administrative follow-ups.

European volunteers, welcomed in the framework of the European Solidarity Corps, that participate alongside us in local activities and help promoting our projects in the eyes of local stakeholders. They are also a valuable source of proposals.
