<p>What are the activities and experience of the organisation in the areas relevant for this application?</p>	<p>Maison de l'Europe des Landes Wipsee is a young association. Its official date of creation refers to its administrative and legal legitimacy.</p> <p>However, its conception (gestation) goes back to about ten years ago. In fact, the foundation of this association was laid in 2011 with the first departmental meetings organized by the regional collective CAP Mobility, attended by Séverine Gallais, Director of Maison de l'Europe des Landes WIPSEE. Indeed, these World Café, the Awareness Forum, these spaces allowed her to:</p> <ul style="list-style-type: none"> - measure the expectations and needs of the Landes territory, - know local actors on European and international mobility, on Youth, Insertion and solidarity. <p>Séverine Gallais coordinated several Ka1 mobility (vocational training) consortia and KA2 for a federation of schools for 20 years, she has also managed collective volunteer approvals in Civic Service, has followed over 80 European volunteers in 5 years and developed international volunteering (hosting) for several educational establishments in vocational training. She is an expert in project Management (Master) .She has also been involved with ERASMUS+ Youth and Civic Service projects for town halls for the past 5 years and has written projects for community and sports groups. She also contributed to the support of the National Union of Rural Family Houses Morocco for the opening of a dozen schools in isolated and agricultural areas of Morocco.</p> <p>Over the past two years, Séverine Gallais has also set up meetings around the European Solidarity Corps, on the ERASMUS+ schemes, bringing together the youth and associative actors. To date, she has also put town halls and associations in touch with each other to raise awareness of structures to welcome volunteers (e.g. Mairie de Billière / Mairie de Pontonx sur l'Adour). She has a perfect understanding of the administrative side, but above all the support and follow-up of young people, both sending and hosting. Her experience is also important on current issues such as the ecological transition, gender equality, and social inclusion. As an elected municipal council member since 2014 and a volunteer in national or local organizations, she puts that experience at the service of the community.</p> <p>Besides, Maison de l'Europe des Landes WIPSEE is made up of members (volunteers, members) who already have an expert knowledge of European, international, youth, and solidarity projects.</p> <p>So the union of these individuals provides a certain experience, coming from the implementation of projects in their respective networks (MFR, CEMEA, SEJ,Pontonx/Adour, DDCSPP, AMAM, CIAS, ...).</p>

Beyond the projects submitted and conducted, these same people have knowledge and mastery regarding:
